

**Gravity, love - Einstein?**

Words are powerful. And quotes have the power to inspire, motivate, influence. Quotes are like books, movies and music, they can move you, generate strong emotions, memories, or make us laugh. Here's the quote of the day:

*"Gravitation cannot be held responsible for people falling in love. How on earth can you explain in terms of chemistry and physics so important a biological phenomenon as first love? Put your hand on a stove for a minute and it seems like an hour. Sit with that special girl for an hour and it seems like a minute. That's relativity."*
